### **Features**

- Filter Size: 84 x 84mm
- Filter Material: CR39 Organic Glass

For Digital cameras or Film cameras using B&W film. With a Digital camera, can be used in either colour mode or B&W mode. For Black & White photography set the B&W mode in the cameras menu and use it like a Film camera. In landscape photography and B&W mode, it lightens foliage and any greenery in the scene (forests, fields etc.), improving the depth to your landscapes and creates some unique grey tones.

**In the box:**

- Filter
- Protective Wallet
