Ultimate Protection for Your Mobile Studio

Secure. Rugged. Ready for Any Journey.

The Datavideo HC-850 is the perfect companion for protecting your mobile studio equipment. Designed specifically for the HS Series Mobile Cast Studios and the SHOWCAST 100 Streaming Studio, this durable case offers unparalleled security for your valuable gear, whether you're transporting it across town or around the world.

Custom Protection for Your Mobile Studio

The HC-850 is not just any travel case; it's specifically engineered for Datavideo's HS Series and SHOWCAST 100 Streaming Studio. Every inch of this case is designed to protect your specific equipment, offering padded compartments that secure your devices in place. This custom design eliminates the risk of shifting or damage during transport, ensuring your gear arrives safely, no matter the journey.

Ideal for On-the-Go Production Teams

The HC-850 is perfect for production teams that frequently move between different locations. From live events to studio broadcasts, this case offers essential protection for your mobile studio equipment, keeping it safe, secure, and easy to transport.

Durability You Can Rely On: Water and Dust Resistant

Transporting sensitive audiovisual equipment requires a case you can trust, and the HC-850 is up to the task. Constructed from high-impact PP plastic and certified water and dust resistant, this case provides comprehensive protection, preventing environmental factors from damaging your valuable gear. Whether you're in the desert or near the coast, the HC-850 safeguards your mobile studio from the elements.

Ease of Transport: Wheeled Design with Extendable Handle

No more back strain from carrying heavy equipment! The HC-850's wheeled design offers convenient mobility, allowing you to effortlessly transport your mobile studio. The extendable handle provides a sturdy grip, while the high-quality wheels ensure smooth movement on various surfaces. For tighter spaces or short lifts, use the sturdy side handles for hand-carrying.
