MAXIMUM AUDIO TRANSPARENCY

Wave Pop Filter features dual-layer steel mesh for optimum air current diffusion, eliminating pops and hisses caused by plosive speech sounds.

EASY SETUP

Simply align the magnetic attachment points, let Wave Pop Filter snap into place, and say your p's and b's without distortion.

CUSTOM BUILT

A precise fit with looks to match, Wave Pop Filter is the perfect addition to your premium [Wave:1](#) or [Wave:3](#) microphone.
