

Hedbox NERO MX

ProdCode: HEDNEROMX

Professional HIGH LOAD Lithium-Ion V-Mount Battery Pack for RED

[\[Download Images\]](#) (.zip file)

Features

- Professional HIGH LOAD Lithium-Ion V-Mount Battery Pack for RED
- **RED Cameras Compatibility**
NERO MX is fully compatible with all RED Family Cameras. Built-in data communication chip that is RED protocol ready, provides NERO MX battery syncing compatibilities with the RED Camcorder to display the exact power percentage on their LCD screen
- **Cells Framing Construction System**
NERO uses a NEW and revolutionary Cells Framing Construction System, that provides extra security and stability to the inner battery cells. With this new advanced system, NERO is much more safe for transportation and daily operational use, comparing to all other Battery Brands
- **4-LED Power Monitor Indicator**
NERO MX contains a built-in 4-LED power meter that, at the press of a button, displays the remaining battery percentage at 100%, 75%, 50%, or 25%
- **V-Mount Connection Holder**
NERO MX has a standard V-mount connection with a high-quality lightweight aluminum V-wedge to ensure safe and reliable mounting
- **Built-in D-Tap and USB Output Socket**
Through its additional integrated D-Tap DC Power output the NERO MX can deliver 14.8V, 148W/10A to all professional devices. An extra USB power

output allows the charging of mobile phones, tablets or other accessories using one single battery

- **High Quality Li-Ion Cell**

The latest Samsung and LG Lithium-ion inner battery cells (model 18650) are used in Hedbox battery packs. They provide no effect on memory give high efficiencies and allow for a compact and lightweight battery

- **No Memory Effect**

Hedbox batteries provide the advantages of lithium-ion, meaning they can be charged or discharged at any time without developing a memory effect. This means the battery never loses its ability to hold a full charge

- **Multiple Protections**

The circuit in the battery pack has multiple protections: abnormal current protection, voltage protection, short circuit protection and overheating protection. This allows for the battery to have a longer operational life and a safer use for professional purposes

- **Environmentally-Friendly**

Hedbox batteries are fully in compliance with European Union RoHS regulations and are 100% free of Lead, Cadmium and Mercury. Hedbox products take part in actively protecting the environment and preserving the highest standards of environmental protection

The new NERO MX V-Mount battery with High Performance and high safety designed specially for RED Cameras. The NEW and revolutionary Cells Framing Construction System provides extra security and stability to the inner battery cells.

Compared to all the other Battery Brands, this new advanced system not only makes the NERO batteries much safer for daily professional use, but also for transportation.

NERO MX represents the smallest cine V-lock Battery in the NERO family range that is fully compatible with all RED Family Cameras. Through it's additional D-Tap DC output the NERO MX can deliver power to all professional devices. An extra USB power output allows powering of all devices that need DC 5V DC.

In the box:

- 1x NERO MX BATTERY PACK
- 1x USER MAUNAL (ENGLISH)
- 1x 1 YEAR LIMITED MANUFACTURER'S WARRANTY
