

HOYA 52mm YA3 Pro (Orange)

ProdCode: HOY0147

Orange multi coated filter for B&W photography - 52mm

[\[Download Images\]](#) (.zip file)

Features

- HMC (HOYA MULTI COATED) to increase light-transmission and reduce flare or ghosting.
- Recommended for use in Black and White photography
- Available in sizes from 46mm to 77mm diameter
- Filter Factor: 4 (2 f/stops)

Primarily used in black and white photography, the YA3 ORANGE is a particularly useful coloured filter for landscapes, as it darkens blue skies and blue water. It also deepens shadows and gives a 3-dimensional effect with rocky surfaces. The YA3 Orange filter uses Hoya Multicoating to increase light transmission, suppress flare and produce sharper images.

In the box:

- YA3 Pro (Orange) filter
- protective case
