Based on the design of the PT-Elite Version 2, which is the newest upgrade to Ikan's best selling iPad teleprompter, the PT-ELITE-PRO is designed for larger tablets such as the Apple iPad Pro or the Microsoft Surface Pro line of tablets. This universal tablet teleprompter is designed to be even faster and easier. Among its features include an adjustable glass frame, quick release base plate and an overall lighter design for portability. The PT-ELITE-PRO can support tablets ranging from 6 x 9 inches to 9 x 12 inches.

The Modern Teleprompter

The PT-Elite Pro provides a full teleprompting experience through a tablet. It allows you to travel light using either an iPad, Android or Windows tablet. The teleprompter is designed according to the standard 15mm rod system. This makes the entire setup more durable as well as lightweight. You can also mount the teleprompter to smaller tripods. It can support tablets ranging from 6 x 9 inches to 9 x 12 inches.

High Clarity and Sharpness

The PT-Elite Pro teleprompter features American-made scientific grade 70/30 teleprompter glass. Our beam splitter is manufactured to the highest standards unlike other competitors. This means you can expect extreme clarity and sharpness at all times.

Adjustable Glass Frame

The PT-Elite Pro also comes with a foldable glass frame to make life easier for you. It also includes a magnetic hood as well as a virtually tool-less design. Simply readjust it to suit your needs!

EV3 Quick Release Baseplate

The EV3 Quick Release Baseplate pairs perfectly with the PT-Elite Pro. In addition to allowing you to quickly add/remove your camera, it can also adjust to different camera sizes. The Mirrorless Sony A7s, Canon 5D DSLR and Panasonic DVX200 Camcorder are among the many options you have with this teleprompter. The base plate includes multiple mounting points for better balance and its wider base provides more stability for your tripod or pedestal.

Safely Protected

Ikan will ship the PT-Elite Pro to your front door using custom cut, high quality foam packaging. You can rest assured knowing that your teleprompter will travel safely from start to finish.
