

## Kenko 62mm SMART UV

ProdCode: KENKO9733

Slim designed new frame UV filter - 62mm

[Download Images] (.zip file)

## **Features**

- UV Cut Glass Absorbs UV Wavelengths up to 370nm
- Multi-Coated Surfaces helps prevents flare and ghosting
- Slim Frame ideal for use on wide-angles lenses. Optimised for digital cameras

This MC UV370 filter effectively absorbs ultraviolet rays which often make outdoor photographs hazy and less crisp. This is a good multi-purpose filter that can be left on the lens at all time for protection. The filter is multi-coated on both side of the glass to reduce the chance of reflections or flare that could ruin a good shot
