ProdCode: KONARRIDP

12" symmetrical plate with ARRI standard dovetails and 1/4"-20 and 3/8"-16 threads down the center

[\[Download Images\]](#) (.zip file)

Features

Use our perfectly symmetrical ARRI Standard 12" Dovetail Plate when balancing front- or back-heavy camera loads with a smooth back and forth slide. Safety release buttons on each side prevent your equipment from accidentally sliding off the plate. There are plenty of 1/4"-20 and 3/8"-16 threads down the center of the plate for versatile mounting. This plate is designed to be identically functional from the front and back.

- Sliding Dovetail Design
- Balances Front- or Back-Heavy Equipment
- Safety Latch
- 12 x 1/4"-20 and 5 x 3/8"-16 Threads
- Weighs 8oz / 225g
