

Kondor Blue Dual Rosette Clamp

ProdCode: KONDRCBK

ARRI Rosette to 15mm Rod | 15mm Dual Rod Clamp - Raven Black

[\[Download Images\]](#) (.zip file)

Features

The KONDOR BLUE Dual Rosette Clamp is an essential component for any rig build. A single wing ratchet bolt tightens a spring-loaded clamping bar that also features two anti-twist ¼"-20 mounts. The tightening knob has a captive design so there's no on-set concern of losing any critical hardware. The Dual Rosette Clamp is also reversible and can be mounted upside down for various rig configurations. Despite being cored out, the clamp is rock solid. Whether mounting grips, extension arms, or other accessories, the Dual Rosette Clamp will be a key accessory in your kit.
