ProdCode: KONEXARMR

Adjustable extension arm for use with handgrips and accessories with ARRI-compatible rosette mounts - Space Grey

[\[Download Images\]](#) (.zip file)

Features

An extension arm to add handgrips or other accessories to the side of your rig using ARRI-compatible rosettes. The arm can be adjusted from 8 to 11.5" in length using the center screw, which is tightened by a blue captive locking lever. There are also two cable clips on the side of the arm that will keep your cables neat and secure.

Usually paired with Rosette Hand Grips and Dual 15mm Rod Clamp.

This extension arm can be used with almost any accessories that use ARRI-compatible rosettes.
