

Kondor Blue 4x5 Matte Box System

ProdCode: KONMB

Matte Box - Base Kit

[\[Download Images\]](#) (.zip file)

Features

The KB LMB Base Kit can hold a single 4x5 filter in the front-loaded filter holder. Every component is made from premium materials and finishes for durability and rigidity.

- Matte Box - Base Kit
- All components are fully configurable from the Base to Ultimate Kits
- Holds 1-4 4x5.65" Filters (2-4mm thick) in standard sized Filter Trays for cross-compatibility
- ARRI-style LMB 4-post mounting system
- 95mm Clamp-on Lens Adapter included (other interchangeable clamp-on lens adapters and Threaded Lens Adapters/Compression
- Rings available separately)
- Loaded with quality-of-life design elements such as Magnetic Filter Tags for filter markings, safety snake loop,
- anti-twist mounts, captive-toolless hardware, etc.
- Premium carbon top flag that magnetically nests inside the hood for storing
- Compatible with KONDOR Blue's entire 4x5 Matte Box System accessory ecosystem as well as much of the ARRI LMB
- Backed by KONDOR Blue's legendary lifetime warranty
- Weight: 510g/18.0 oz

- Dimensions: 188mm x 154mm x 45mm (W x T x D)

The KONDOR Blue 4x5 Matte Box System represents the next generation of what a matte box should be expected to do. It can scale up or down to fit any creator's needs and project requirements.

By beginning with the pro-level standard of the ARRI LMB, we matched their 4-post mounting standard but made the system even more adaptable to various stages and mounting plates. From there, we implemented critical safety features such as pivoting filter catches, a safety snake loop, and a magnetically nesting carbon top flag. We then added quality-of-life features such as line bubble level, top flag tension and tilt controls, and knurled knobs for easy adjustment with the comfort of integrated o-rings. All adjustment knobs are captively contained for peace of mind and ease of use.

The KONDOR Blue MBS holds up to 4 4x5.65" (2-4mm thick) filters. From the Ultimate to the Base Kit and any combo in between, the KB MBS can also be configured to any level of production, budget, or shooting style. This level of adaptability within this price point is unprecedented. Made from premium materials throughout, the KONDOR Blue 4x5 Matte Box System is in a league of its own.

In the box:

- 95mm Clamp-on Lens Adapter direct mounted to Small KB MBS Hood
- Magnetic Carbon Top Flag with bubble level
