Features

- Mondo Ties Cable Management Clips for Cameras Complete Collection
- ¼-20 solid, camera-mounted cable management clips
- Small footprint
- Holds 2-3 cables
- Can route in any direction
- Supports up to 20lbs. of force
- Will not loosen or fall out

MondoTies are camera cable management clips that were made in collaboration with YouTuber Armando Ferreira (Mondobytes). These clips are a simple, yet effective way to manage the mess of cables on your camera rig. Each Mondo Tie comes pre-loaded with a mini ¼-20 that can be attached anywhere on your rig. The wings of these Mondo cable management clips are uniquely designed to set the cables between and then twist the cables 90 degrees clockwise to “lock” in place. MondoTies can hold 2-3 cables at a time.

This collection set includes 5 Mondo cable management clips of each colour:

- Kondor Blue

- Raven Black
- Cardinal Red

Each colour with its own carrying case.
