Features

This bundle includes a right and left pair of hand grips, a right and left pair of adjustable extension arms and a standard 15mm rod block.

The aluminium handgrips are lined with textured rubber for a comfortable grip, and they connect using quick-release rosettes.

The extension arms allow you to connect the handles and they can adjust to your preferred position and length. The extension arms then connect to the 15mm rod block which can be mounted on a pair of separately available 15mm rods to complete your shoulder rig.

- Connects via Arri Rosettes
- Provides Quick Adjustments
