Lindy Power Cables are high quality, reliable power delivery connections for use in a wide variety of professional and home environments.

This cable is perfect for the connection between small devices, such as beamers, DVD-players, small household devices and many more and the English electricity grid.

The brass used in the connectors has a lead content of far below 0.1% and is therefore SVHC-free, as are all other materials used in these cables.

Please note that this cable is for use in dry areas only.

UK 3 Pin Plug to C7 cables are available in the following lengths: 1m, 2m and 3m.
