[\[Download Images\]](#) (.zip file)

Features

- Secure and convenient method for carrying filters in the field or even your Bluetooth earpiece
- Each neoprene case contains two filter pockets
- Protects against dust, moisture and impact
- Attaches easily to gear with a snap hook
- Fits filter sizes up to 77mm

Filter Pack™ offers a secure system for carrying extra filters. The easy-access neoprene case attaches with a snap hook so that it can be attached conveniently wherever its needed. The protective pockets are lined with a micro fiber suede which reduces lint as well as streamlines the design. Fits filter sizes up to 77mm. This is an ideal accessory for the avid photographer on the go!
