

OpTech Hood Hat X-Large 5" - Black

ProdCode: OPTE8424

5" neoprene cap for lens and lens hood to protect from dust, moisture and impact

[\[Download Images\]](#) (.zip file)

Features

- Hood Hat X-Large size: 4.5-5" (11.4 - 12.7cm) diameter
- Protects lens and shade against dust, moisture and impact
- Cylindrical design for better fit
- Neoprene stretches for a custom fit on round or elliptical shades
- Can be combined with the Lens Sleeve™ for a truly unique and compact system
- Made in the USA

Finally you can protect your lens when using a hood or sunshade.

The neoprene Hood Hat™ slides over the sunshade to protect the lens from dust, moisture and impact. Its tapered cylindrical design makes it easy to apply and easy to remove, yet won't fall off.

Hood Hat™ is sure to be an essential part of your gear.
