1/4" Uni Loop connector for Quick Disconnect straps. Length 3.5"

[\[Download Images\]](#) (.zip file)

Features

- Enables cameras or binoculars to be used interchangeably with OP/TECH USA neck straps, wrist straps
- Minimizes the amount of strap left on the camera when the main pad is removed
- Fits tight connection areas using a loop of 1/4" tubular nylon webbing
- Sold in sets of two
- Made in the USA

The System Connectors - Uni-Loop™ allow a camera or binoculars to be used with several neck straps, wrist straps or harness systems. The Uni-Loops™ are available in sets of two, with one male and one female connection.

The Uni Loops are made with very strong tubular-weave nylon webbing sewn to a rugged leather retainer. The quick disconnects fasten quickly and securely to any OP/TECH USA professional series camera strap or harness. The two connectors can also fasten to one another to create a quick and easy hand strap! Discover a whole new level of freedom today with the OP/TECH USA System Connectors™. Proudly made in the USA!
