Ultra-Waterproof

The rain cover is made from high-performance waterproof material and prevents water from seeping into your bag.

Easy to pack

The rain cover can be rolled up compactly and has a lanyard with which to hang it onto your backpack.

Drainage hole

The drainage hole releases excess moisture to keep your bag dry.

Adjustable

The rain cover is elastic and adjustable, which makes it compatible with the OneGo Backpack and other backpacks with a maximum capacity of 25L.
