

PGYTECH Smartphone Suction Cup Mount

ProdCode: PGYPPG002

Suction Cup mount for Smartphones

[\[Download Images\]](#) (.zip file)

Features

- Suction Cup mount for Smartphones
- Fix the suction cup with one push
- The suction cup can be fixed on various smooth surfaces such as glass, metal, ceramic tile, marble, etc.
- Dual ball heads ensure total flexibility and easy lock
- The cradle shape wraps four corners of your mobile phone tightly
- Compatible smartphone size 1/4" 130~175mm long, 64~92mm wide, 0~15mm thick. (Widely compatible with most smartphones)

Strong Suction with One Simple Push

The suction cup can be stably adsorbed on various smooth surfaces such as glass, metal, ceramic tile, marble, etc.

Total Flexibility

Dual ball heads together with a magic arm ensure total pan-and-tilt flexibility. For road navigation, voice calls or listening to music, this mount brings you a refreshing riding experience.

Four-side Wrapping Design Enhances Stability

The cradle-shaped design wraps four corners of your mobile phone tightly and the built-in rubber protects your phone from scratches and vibration.

Designed to Last and Withstand Intense Use

Made of aluminium alloy and fibreglass-reinforced plastics, it has passed shock resistance and ageing resistance tests.
