Features

- A3 document scanner
- Fast, A3 size available, high daily duty cycle
- Handles a wide range of paper and card with no sorting
- Intelligent Misfeed Function
- Easy-to-use

High Speed, Reliable, Cost Effective

High Speed, Reliable, Cost Effective The Plustek SmartOffice SC8016U is a departmental class A3 sized document scanner that features 80ppm (160 ipm) scan speed, 100 sheet feeder and 8,000 page per day duty cycle. Industry standard TWAIN driver ensures compatibility with almost any document imaging application.

Performance - Fast, A3 size available, high daily duty cycle

Featuring a scan speed of 80 pages per minute, 160 images per minute in duplex mode, a 100 sheet feeder and a daily duty cycle of 8,000 pages per day, the SmartOffice SC8016U is designed for applications requiring frequent scanning of large document batches.

Productivity - Handles a wide range of paper and card with no sorting

The SmartOffice SC8016U scans mixed batches of documents without the need for separating or sorting.

Embossed cards, such as IDs or driver licenses, and any sized paper document up to A3 size and 200" long can simply be stacked in the 100 sheet feeder. The SmartOffice SC8016U's paper handling system coupled with Plustek's advanced image processing provides you with automatically sized and exported images or PDFs. SmartOffice SC8016U's A3 sized feeder easily handles documents from 2"x2" to 11.69"x200".

- **Easy-to-Use**

Single-touch customizable button automates up to 9 frequent scanning jobs (e.g., Scan to PDF, Scan to file, email, network share, copy, etc.)

- **Automatically wake-up function**

The innovative automatic wake-up function turns the scanner on as soon as documents are placed in the feeder.

Intelligent Misfeed Function

The ultrasonic sensor detects double feeding of original documents during scanning. The ultrasonic function can be turned off when scanning document with labels, sticky notes, or taped receipts. This innovative design prevents double feeding and effectively scans documents of different weights or thickness. Thanks to double-feed prevention, optimum reliability is assured even when scanning high volumes of

documents.

Built-in Plustek OCR ^[1]

Convert by performing optical character recognition on scan images and transform them into searchable or editable formats including Microsoft® Word, Excel®, or searchable PDFs directly.
