

SLIK GX MINI

ProdCode: SLI3345

Lightweight mini tripod with 3 way head

[\[Download Images\]](#) (.zip file)

Features

- Lightweight mini tripod with 3 way head
- Quick release plate type 6222 measures 70x45mm, and has a DIN-standard type connection
- Built-in bubble level
- Legs can be set at two angles to enable low level operation

Light in weight but heavy in value: The SLIK GX Mini is a table-top tripod, complete with a 3-way head and it weighs in at just 730g.

With a folded length of 28.5cm, the 2-section legs, with oversized flip-lock levers, allow it to extend up to 45cm and work as low as 21cm.

The GX Mini features anti-slip, rubber-tipped feet and the sliding centre column allows precise height adjustment. The extendable leg-bracing allows low-level work and maximum stability. There is also a DIN standard quick-release shoe (with spring-loaded locating pin) which allows quick access to your camera, without the hassle of having to unscrew the camera from your tripod.

In the box:

- GX Mini tripod
- 3-way head
- Quick-release shoe
