Features

- Lightweight tripod with video head
- Ideal for content creators, freelance filmmakers, and travelling videographers
- Suited to beginners and professionals alike
- Centres around a 2-way video head

Light in weight but heavy in value: The SLIK GX 640 VIDEO is a full-size video tripod, complete with 2-way video head and it weighs in at just 1.29kg.

With a folded length of 50cm, the 4-section legs, with oversized flip-lock levers, allow it to extend up to 158cm and work as low as 47.7cm.

The GX 640 VIDEO features anti-slip, rubber-tipped feet and the geared centre column (with crank handle), allows precise height adjustment. The legs feature lockable bracing, which allows leg angle to be adjusted and provides maximum stability. A built-in bubble-level ensures everything is straight. There is also a DIN standard quick-release shoe (with spring-loaded locating pin) which allows quick access to your camera, without the hassle of having to unscrew the camera from your tripod. A carrying case is included.

In the box:

- GX 640 tripod
- 2-way video head
- Quick-release shoe
- Carrying case
