

SLIK 504QF II HEAD

ProdCode: SLI3413

2 way fluid video head

[\[Download Images\]](#) (.zip file)

Features

The SLIK 504 QF-II head has a solid 2-way fluid pan head incorporating an easy to grip pan handle with full angle adjustments. The pan handle is long enough to give excellent leverage for smooth panning. The built-in bubble level at the base of the head allows quick and accurate leveling. The head also has a video quick release plate for fast mounting and un-mounting of the camera.
