The SLIK MAGGY Mini Tripod is a unique and ultra versatile tripod designed specifically for travel photographers, vloggers, influencers, and content creators who need a reliable all-in-one support system. Designed for convenience and portability, MAGGY features a powerful magnetic mount that allows you to attach your smartphone instantly, making setup faster than ever. For creators using more than just a phone, MAGGY also includes a standard UNC 1/4 screw compatible with compact cameras, as well as an action camera adapter, ensuring seamless use with a wide range of devices. Combined with its smooth ball head design, you can easily adjust angles, switch orientations, and fine tune your composition to capture the perfect shot in any environment.

Flexibility for Every Shooting Style

What makes MAGGY stand out is its impressive flexibility. This single device transforms into multiple tools: a stable mini table tripod for low angle shots, a stand pod for hands free filming, a comfortable handheld grip for on the go vlogging, and even a selfie stick for capturing wide angle group photos or travel moments. Whether you're recording travel videos, shooting product content, livestreaming, or taking everyday selfies, MAGGY adapts effortlessly to your creative needs.

Compact, Lightweight, and Travel?Ready

Despite its multifunctional design, MAGGY remains incredibly compact and travel friendly. It extends up to 95 cm in height, giving you the reach needed for dynamic shooting angles, yet folds down to just 22 cm - small enough to fit easily into backpacks, handbags, or camera pouches. This makes it an ideal companion for creators who are always on the move and need gear that is lightweight, durable, and easy to carry.

MAGGY also comes with a carry pouch for portability as well as a metal ring, to make sure that it can be used with wide variety of smartphones.

With its combination of portability, compatibility, and creative versatility, MAGGY is the ultimate tripod solution for modern content creators looking to elevate their photography and videography anywhere they go.
