QR plate for the SH-704E 3-way pan head / AF-1000E Trigger ball head

[Download Images] (.zip file)

Features

The Slik Quick Release Plate 6183BK is the replacement 1/4 20? thread QR plate for the SH-704E 3-way pan head and the AF-1000E Trigger ball head.

The all metal plate includes the industry standard 1/4 20? threaded screw for mounting to film and digital cameras. The durable cork pad creates a solid slip free connection between the plate and camera to prevent camera drift. The plate also uses a tool free mounting design so you do not need a coin or screwdriver to securely attach the plate to your camera.
