

Wise Advanced CFX4-B1024

ProdCode: WISECFX4B1024

1TB CFexpress Memory Card

[\[Download Images\]](#) (.zip file)

Features

CFX4-B and CFX4-B PRO series CFexpress media enable rich dynamic range of 8K RAW continuous shooting for high-end DSLR, mirrorless and video cameras like a walk in the park. Operated in PCIe Gen 4 x2 interface, the cards provide blazing speeds more than 6 times faster than the best XQD memory media.

- **Designed by Professionals, for Professionals**

We know the strenuous demands required for working professionals in the field. We got you covered.

- **Max Speeds of Up To 3700 MB/S Read and 3600 MB/S Write**

Burst speed for read and write are more than 6 times faster than the best XQD media, leveraging the maximum performance of the camera.

- **Built for 8K Pro Photo & Video**

Captures detailed, high-definition frames without drop off in performance as the capacity gets used by steady sustained write speed.

- **Non-Stop Recording Time**

The large capacities up to 4TB provide ample space for RAW footage. Creators are able to store more content non-stop in harsh and unforgiving environments.

- **Ultimate Durability**

Wise CFexpress Type B cards are protected against moisture, dust, X-ray,

magnets and shock.
